### *Inspiration*

The Youth Get It Community Council aligns with my passion of giving back to the community and helping youth. The Council connects with so many deserving organizations and I jumped at the opportunity to be a part of that.

### *Fun Fact*

I love to travel. I've been to over 20 countries. Part of what I love about traveling is trying new and exotic foods. I'll try anything at least once!

### *What do you hope to achieve on the Council?*

I'm hoping to inspire positive change in my community, while also learning and collaborating with my fellow Council members.

### *What accomplishment are you most proud of to date?*

My proudest achievement to date is writing the level one Chartered Financial Analyst exam this past December. While I still haven't found out if I've passed, it was a grind, it was as a grind trying to balance work, studying and life.

### *Bio*

Alan is a Relationship Manager at the Coast Capital Savings North Vancouver branch. He joined Coast Capital in 2014 shortly after graduating with an Economics degree from the University of Victoria. Since university, he's built his brand by successfully completing the Canadian Securities course and writing the Chartered Financial Analyst level one exam in December. Working in the financial industry sparked a passion for empowering youth to build good financial habits early and Alan's been able to help youth do this by volunteering with Junior Achievement of British Columbia.

While in university, Alan was involved with the HeroWork foundation which is a Victoria based project that performs radical renovations for charities in need. With the non-profit sector facing increasing financial pressures, their buildings were often neglected. The HeroWork foundation used volunteered labour and materials to renovate these buildings over one weekend.

In his spare time Alan enjoys staying active. He enjoys hiking, biking and is an avid squash player who participates in tournaments across the province.
